Initial

- Wine Club Members are responsible for address changes which may be done through your account. The winery must be contacted a minimum of 14 days in advance of shipment otherwise rerouting charges will be charged.

SHIPPING DETAILS

- All wine club shipments are shipped via ATS Courier or Canada Post, ground service. A tracking number will be sent via email to track your package online.
- ATS requires an adult (19+) signature for all wine deliveries. Packages that contain alcohol cannot be left without a signature. We do recommend a place of business to ensure there is someone there to sign for the delivery during business hours.
- ATS and Canada Post will attempt delivery once. If you are not home, they will leave a door knocker with the tracking number and instructions for picking up your shipment at their nearest depot. Re-delivery attempts can be arranged through the winery, extra shipping charges may apply.
- A \$10 re-route charge may be applicable if a secondary address re-route is required after packages have been shipped or after the deadline for providing updates for Wine Club Shipments
- It is Tightrope Winery's policy to ship only when weather permits as we want your wines to arrive in perfect condition. We do not ship during extreme heat (temperatures over 30C) or extreme cold (temperatures below -10). We will advise if your package is delayed due to weather, and give you the option to purchase heated or cooled service if you wish to not wait for your wine.
- Ground shipping generally takes 1-2 business days for BC & AB locations, 2-4 business days for SK and Manitoba and 5-6 business days for QB.
